Frank Castle was a decorated marine, an upstanding citizen, and a family man. Then his family was taken from him when they were accidentally killed in a brutal mob hit. From that day, he became a force of cold, calculated retribution and vigilantism. Frank Castle died with his family. Now, there is only...

PUNISHER

KILL KREW

In the fallout of the War of the Realms, Frank Castle, known by many as the Punisher, was on a mission of vengeance for the war orphans whose families were killed by monsters and for Frank Jones, a father who lost his family to the Frost Giant, Kasyckla.

Frank's mission took him across the realms in a war van pulled by Thor's goat, Toothgrinder. Along the way, he formed an unlikely team consisting of New York lawyer Foggy Nelson, the unstoppable Juggernaut, and the Black Knight. With their help, Frank hunted down the monsters on his list until only Kasyckla remained. But the battle with Kasyckla went south, and now Frank, the Juggernaut, and the Black Knight are in danger, with Foggy as their only hope!

THOSE KIDS COULD USE A WATCHFUL EYE ON THEM IN THE SYSTEM.

I DIED A LONG TIME AGO ON A SUNNY DAY IN CENTRAL PARK.

YOU DIED BACK WHEN THAT MONSTER THREW YOUR CAR AT ME.

OUR HEARTS WILL GIVE OUT EVENTUALLY. UNTIL THAT DAY...

...WE FIGHT.

A person in a dark coat with a white emblem on the back is walking away from the viewer down a snowy street at night. The street is lined with buildings, some with lit windows, and a car is parked on the right. Snow is falling from the sky.

FOR
THEM.

FOR THE FAMILIES
THAT SOMEHOW HAVEN'T
BEEN DESTROYED WHILE
WE SPIN HOPELESSLY
ON THIS VIOLENT ROCK.

NEVER
THE END.

PUNISHER KILL KREW: OVER & OUT

All the Marvel writers and editors were excited when Jason Aaron walked us through what he and Russell Dauterman were cooking up for **WAR OF THE REALMS**.

The end of Jason's **THOR** was going to be a gift of chaos for the Marvel Universe, and one of the ideas that stuck was to recast the Punisher as a hunter of war criminals.

It'd take Frank into scenarios he wasn't always used to, but that's good for all of us from time to time. I wasn't sure about the mechanics of how any of it would work, but it wasn't my problem: I wasn't the **PUNISHER** writer... and then suddenly I was. I was very grateful for the chance to figure it all out. Simplicity and fun arrived when Frank "borrowed" Thor's goat and a chunk of the Black Bifrost.

Thanks to C.B., Jake, and Lindsey and of course to Juan, Tony, and Dean. Juan's got that great ability to shift tones from panel to panel, and he's the star of the show. Thanks for carrying this one, Juan. We can't wrap up without talking about the first image you saw on these books: Tony Moore's unreal covers. Detail that can only be described as "Darrowian" went into these five labors of love. They'll live forever. I only hope I see **KILL KREW** art on tattoos or on the sides of vans. Something tells me you may see those designs pop up down the road again...

I had the end in mind at the beginning, and we got to have our insane fun but managed to ground it all at the end in the tragedy that began the tale: the father whom Frank tries to help in, really, the only way that Frank can. But if you need a little help in your life, don't hesitate to contact the hotlines below.

Thanks for getting in the van with us.

Regards,
Gerry Duggan
